Barons de Rothschild Brut NV

A Great Winemaking Family

In the world of fine wine, few families have enjoyed as much success and influence as the Rothschild family. While the three main branches of the family all have properties outside Bordeaux, they are most well known for their Left Bank Bordeaux châteaux.

Baron Edmond de Rothschild owns Ch. Clarke in Listrac, as well as a number of smaller properties. Domaine Barons de Rothschild, led by Baron Eric de Rothschild, most famously owns Ch. Lafite Rothschild, along with a number of other prominent Bordeaux properties. Finally, Baron Philippe de Rothschild S.A., now overseen by Baroness Philippine de Rothschild's three children, owns Ch. Mouton Rothschild, among others.

With centuries of winemaking expertise behind them, the three branches have now collaborated in a new wine region for them: Champagne. Champagne Barons de Rothschild is a tribute to a great winemaking family but above all, an excellent champagne in its own right.

The Wine

We offer the **Barons de Rothschild Brut NV**, a blend of 60% Chardonnay and 40% Pinot Noir blended across several vintages. The Chardonnay gives stone fruit and light nutty aromas while the Pinot Noir offers depth and power. We are pleased to offer this wine at a very competitive price, so if you don't know the wine, now is the time to try!
